

FIS LICENCE INFORMATION

All athletes competing at FIS events must have a FIS licence

In order to be awarded a FIS Licence, you must:

1. Complete a medical form. BSS is required by the International Ski Federation (FIS) to ensure the fitness of athletes before granting them a FIS Licence. This form certifies that the athlete has had an appropriate evaluation of their medical health by a qualified medical practitioner and should be scanned and sent to lucy.mackenzie@teambss.org on completion. The [medical form](#) is available to download on the BSS website. Once the form has been submitted, if there is any change to your health, you must inform us. For more information on this, please read [FAQs Certificate of Health](#) on the BSS website. **Your medical form is valid for 3 years.**

2. Hold a valid GBR passport. Please send a copy of your valid GBR Passport to lucy.mackenzie@teambss.org on purchasing your FIS Licence.

3. Register with your Home Nation for the 2017/2018 season. Please note in some cases your 2016/2017 Home Nation registration will not run out until later on in 2017, however you must renew now to ensure we have confirmation that you will be registered for the whole of the 2017/2018 season.

Once we have received confirmation of **ALL** of the above, we can process your FIS Licence.

Early Season Discounts available from 15th May until 30th June 2017 - after this date a higher fee will apply. FIS licences are valid from 1st July - 30th June each year.

FIS Race Entry System

Please use the online race entry system to enter all international, non-British organised races included on the FIS Calendar. **All races run by GBR, even those which appear on the FIS Calendar, should be entered directly with the race organisers and NOT through the BSS Online System.** You can enter up to 20 individual races (not events) per entry form. You will receive further details of the BSS Race Entry Policy when you receive your FIS licence confirmation email. You will find more information on [Alpine FIS race allocation policies](#) under Governance on the BSS website.

The [FIS Race Entry system](#) can be found on the BSS website.

Alpine FIS Licence BASS Criteria

In order to apply for a **FULL** Alpine licence, you must have **BASS points** equal to or less than those shown below for your Year of Birth and Gender. If your BASS points are higher than those shown you can apply for a limited licence.

Year of Birth	Male	Female
2001	290	270
2000	240	230
1999 or earlier	200	190

Alpine Full Licence

Full Licences are available to BASS registered competitors born in 2001 or earlier who fulfil the BASS points criteria. This licence allows you, subject to FIS rules, quotas and British Ski and Snowboard policies, to enter all international FIS alpine competitions.

Alpine Limited Licence

Limited licences are available to BASS registered competitors born in 2001 or earlier. This licence allows you, subject to FIS rules, quotas and British Ski and Snowboard policies, to enter a restricted range of FIS level races. This range will include British organised FIS alpine competitions and British organised CIT races. Subject to approval on a case by case basis by the AST Committee, this range of races may also be extended for specific athletes to take account of a variety of factors including limited access to British organised racing. Queries surrounding this should go to the BSS office and there will be no appeals against any AST Committee decisions.
